

ATCA-2000-C06 and ATCA-2000-ACC Manuals

July
2019

ATCA-2000-ACC and ATCA-2000-C06 are 10Gb RAID storage blades. These blades offer multi-protocol IP storage services, including iSCSI and NAS protocols (NFS and CIFS).

Note: The ATCA-2000-C06 blade is modified for using it in the AXP1440-C06 chassis.

For more information about the usage of ATCA-2000-ACC and ATCA-2000-C06 blades, refer the following documents at [SB-ATCA2000](#) web page on SANBlaze website.
