

Certificate of Compliance

for the European Union's
Restriction on use of Hazardous Substances (RoHS) Directive,
2002/95/EC

Emerson Network Power is committed to fulfilling its social and environmental responsibilities as a global corporate citizen. We have processes in place to comply with all environmental product regulatory requirements mandated by the European Union including, Waste Electrical and Electronic Equipment (WEEE) Directive, and Restriction of Hazardous Substances (RoHS) Directive.

The RoHS Directive requires Lead (Pb), Mercury (Hg), Hexavalent Chromium (Cr6), Polybrominated Biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE) be limited to 0.1% by mass (1000 ppm) and that Cadmium be limited to 0.01% by mass (100 ppm) at the homogeneous material level.

Emerson Network Power—Embedded Computing, Inc. represents that this product

MVME3100-1263

**is compliant using the lead in solder exemption (7) for
the Server or Network Infrastructure equipment applications.**
