From: Richard Caubang
Subject: EOL Notification – DS460S-3 & DS460S-3-001
Date: 28 March 2012

With the up-coming price book release for 2012, both the DS460S-3 and DS460S-3-001 will be announced EOL. These products were released last year with limited PMBus support and have now been replaced with DS460S-3-002 and DS460S-3-003. These new full PMBus compliant products are completely backward compatible with their previous counterparts. For guidance, DS460S-3-002 will replace DS460S-3 and DS460S-3-003 will replace DS460S-3-001.

All pricing, lead-time and supply chain support will remain unchanged. The existing safety reports will list all models under the same file number. Orders and scheduled shipments of the DS460S-3 and DS460S-3-001 will be supported through the end of September 2012.

We apologize for any inconvenience this update may cause. Please feel free to contact me directly if you have any questions or concerns.
